Subject: June Update – Campus Response Team

As we begin the month of June, the Senior Administrative Team continues to focus on planning for a gradual return to normal campus activity. These plans focus on protecting the health and well-being of our community and continue to be guided by the Government of Ontario, Public Health, and the University of Waterloo (UW). In particular, we are working with UW on common shared spaces, masking, and appropriate distancing measures.

Our efforts are working toward an ultimate goal of returning to normal, full on-campus activity that does not include hybrid work models. Cristina Vanin and Veronica Austen worked with faculty to finalize the course options available in fall 2021. Department directors will be reaching out to staff over the month of June to discuss their preferences and concerns for in-person/on-campus work in the fall term. The Registrar's Office and Student Affairs are focused on finalizing admissions pieces for students and confirming residence numbers.

Together we share a hope and optimism that as the third wave of the pandemic calms and more people are vaccinated, it will allow us to safely return on-campus. If you have any concerns about your important place in supporting this transition back, please reach out directly to your manager. We will continue to keep you updated as more information becomes available.

Thank you for your ongoing support.
