4. Regulations for the Conduct of its Affairs

General Meetings

The Senate Council shall normally hold meetings once a month from September to June, and will be scheduled prior to September 1st of the current academic year.

Notification

The date and time of Senate Council meetings will be made available to all members. Normally, notice of each meeting and the agenda and available background material shall be made available to all members at least seven (7) days prior to the date of each meeting. The accidental failure to give

notice to any member or any accidental irregularity in connection with the giving of notice shall not invalidate the proceedings at a meeting.

The Agenda

The Governance Committee will set the agenda, with time allocations estimated for each item. Agendas will contain a land acknowledgement statement. Members may submit items for consideration by the Governance Committee to the recording secretary. Submissions will normally be forwarded to the Governance Committee no later than 14 days prior to the scheduled Senate Council meeting to review in time for the proper distribution of the agenda prior to a meeting. The criteria for deciding whether an item should be placed on the agenda are its relevance to the mandate of Senate Council and whether enough information has been provided to enable a fruitful discussion of the matter. Only in exceptional circumstances may a decision by the Governance Committee not to include a proposed agenda item be overruled by Senate Council and would require a request at Senate Council to include the item, supported by a majority of voting members in attendance.

To ensure that sufficient time is allocated to essential business, agenda items deemed by the Governance Committee to be routine approval items and/or information items may be listed on the agenda under the heading “Consent Agenda,” and shall be voted on by Senate Council as a single omnibus motion without discussion. Prior to calling the vote on such a motion, after it has been duly moved and seconded, the Chair shall inquire as to whether any member wishes to have an item removed from the consent portion of the agenda and moved to the ordinary agenda. Any member may, by simple request and without motion or obstruction, move items in the consent portion of the agenda, including the minutes of the prior meeting, to the ordinary portion of the agenda for discussion and separate vote.

Items raised at the meeting under “Approval of the Agenda” will be considered or tabled for consideration by the Chair. The Chair’s decision will be based on the criteria noted above [for approving an item on the agenda] and whether there is adequate time remaining in the meeting for its discussion. If the decision is to consider the item, it will be done under “Other Business.” If the decision is not to consider the item, the item will be referred to the Governance Committee for the next agenda. The same procedure will be followed for items raised during the course of the meeting.

Special Meetings

Special meetings of the Senate Council shall be called in one of three ways: by the Chair of Senate Council, by the Governance Committee, or by written notification to the Chair, signed by at least half the voting members of Senate Council. The written notification will state the reason for calling the special meeting. Special meetings shall be called promptly and notice and agenda materials will be made available in the same manner and timeframe as identified above for general meetings. The Governance Committee shall have the power and authority to abridge the seven-day period. The accidental failure to give notice to any member or any accidental irregularity in connection with the giving of notice shall not invalidate the proceedings at a meeting.

Open and In Camera Sessions

Senate Council meetings shall normally be held in open session. Where confidential matters of the University are being considered, or personal matters of any person may be disclosed, unless such person requests that such part of the meeting be open to the public, Senate Council shall have the right to hold any meeting or part thereof in an *in camera* session and to exclude all persons save for Senate Council members and such resource persons as Senate Council may agree should be in attendance. The Governance Committee of the Senate Council shall determine whether any matter is of a confidential nature, and such matter shall be so designated on the agenda and described in a manner consistent with maintaining confidentiality. Senate Council shall initially deal with any such

confidential matter *in camera*, but, after receiving the pertinent information, relative to the confidential matter, may direct that the matter be considered in open session.

Quorum

At all meetings of Senate Council, 40% of the total faculty complement of Senate Council shall constitute a quorum for the transaction of its business and affairs.

Persons Entitled to be Present

All meetings of Senate Council, subject to the provisions above dealing with *in camera* meetings, shall be open to members of the University community, the public-at-large, and representatives of the news media. Non-Senate Council members in attendance at meetings may participate at the discretion of the Chair and shall observe the rules of decorum.

Decorum

The general conduct of meetings shall follow the rules and procedures as set forth in *Robert's Rules of Order*, latest revised edition.

General Conduct of Meetings

All questions at a meeting shall be decided by a majority of the votes of Senate Council members present. Each voting member present at a meeting, including the Chair, shall be entitled to one vote and any motion on which there is equality of votes shall be deemed to have been defeated. A resolution approved by electronic mail ballot shall have the same force and effect as if passed at a regularly constituted meeting.

The recording secretary shall keep a record of the proceedings of every meeting and the minutes of every such meeting shall be submitted at the next meeting of Senate Council for adoption.

Unless explicitly released to the public by Senate Council or by Senate Council as a report or in another form, minutes, agenda materials, and related documents which are discussed *in camera* shall remain confidential to Senate Council. The recording secretary shall be responsible for the safe custody of confidential minutes, agenda materials, and related documents.

5. Nominations and Elections to Committees

At the last regularly scheduled Senate Council meeting of the winter term, the Governance Committee will issue a call for nominations to fill vacant positions on Senate Council committees for the next academic year. Nominations will be open for two weeks and all nominations will be submitted to the Chair of the Governance Committee and copied to the recording secretary. An electronic election will be held within one week after the close of nominations to allow for all voting members of Senate Council to submit their votes. The voting period will be established during the working week and open for 72 hours after which time the elections will be closed. In the absence of secure online voting, the ballots will be counted in the presence of two elected members of the Governance Committee. The Governance Committee will report the results as soon as they are available. Terms of office for most committees will begin on September 1st of the next academic year and terminate on August 31st of the final year.

Normally, should a position on a Senate Council committee become vacant between annual elections, the Senate Council will elect an Acting or Interim member. The Governance Committee will issue a call for nominations and conduct the election according to the process outlined above. The Interim person will serve the remainder of the original term.

6. Committees

Senate Council may from time to time, by resolution, establish, and appoint standing or *ad hoc* committees as it sees fit and determine the composition, duties, and responsibilities of any committees so established. Standing committees may recommend the establishment of subcommittees as necessary.

Committees of Senate Council are established primarily to make recommendations to Senate Council and they may not commit Senate Council in any matter unless authority to do so has been explicitly delegated by resolution. The work of committees is not a substitute for full discussion and deliberation at Senate Council; committees are charged by Senate Council, either through their terms of reference or by special request, to assist in research and preparatory work to enable Senate Council to make informed decisions. Unless otherwise authorized by Senate Council, committees of Senate Council shall report only to Senate Council.
